

# Sleeping Facilities & Meeting Facilities

## **Sleeping is important, don't mess it up.**

You will spend a significant amount of your time at NLR sleeping (if you want to). If you and your group sleep well, you will probably enjoy your days at NLR a lot more, so we do our best to give you comfortable places to sleep. This section will help you plan your sleeping arrangement for your retreat, and give you more info on each of our sleeping areas.

## **Preach it! (or) Where does the band rock out at?**

No matter what style your teaching/meeting/worship times take we want your meeting space to be comfortable and to meet your needs. NLR has several meeting spaces for guest groups to use. Groups are assigned a meeting space based on their expected numbers, as well as the cabin facility they are using. Please ask us any questions you have about meeting spaces, how they are equipped and how they can be effectively used by your group.
